

# BARTENDERS GUIDLINES

1. Fill the glass with ice, pour the booze in to half full, fill with mix and serv.
2. Collect the money, give the change with a smile.
3. The cash box needs to be counted before you open and after you close, turn in to Betty.
4. To close, cap all bottles and return them to a cabinet behind the bar and place a lock on the door.
5. You have to drink your mistakes, so make sure it is something you like.
6. Have fun and enjoy the job and have one free drink on the house.

**Thank You** for volunteering and when you want to do it again, call Betty or myself, and if you have any suggestions, please sound off, we need all the help we can get.
