From Your President...

There have been a lot of changes in all our lives this last month as a result of the Coronavirus. Club closure, activities suspended, and border crossing restrictions. Sooner or later it will all pass.

Thanks to all our members who have shared their thoughts on the issue of the Club's Comodato. The board will review all your suggestions at the next board meeting.

I was so glad to hear that the annual benefit dinner was such a financial success this year. It really benefits the Kino community. And thanks to all who were involved and made it such a success.

New Committees are being formed and volunteers are always welcome. You can contact me, Francine, or any of the Board of Directors if you would like to be involved.

There has been an issue raised concerning abuse of Don Smith voluntarily assisting in the transmission of mail to Club Deportivo members. Please note that the present requirements for using his address are:

- No. 1: You must be a customer of Don Smith and
- No. 2: You must be a ***paid*** member of the Club.

My personal condolences and from Club Deportivo, go out to Len Colbert and his family for the recent passing of his wife, Phyllis, a long time member of Club Deportivo.

Finally, a huge THANK YOU to Anne DeFrance for carrying on in the presidency in my absence. She gave above and beyond in service to the Club and now deserves a rest. We wish her and her family the very best.

And one last shout out to Francine Bailey, who is holding things together for us all. Thanks, Francine!

Everyone stay healthy and safe.

NO ORDINARY TIME

In this time of extreme challenge, whether at home in Kino or elsewhere, we have time to reflect on what Club Deportivo means to us. Here are a few prompts:

- Our connection to those who speak our language (whatever it is)...and those who don't!
- The place we call when we need help understanding a legal document, a tax form, or an immigration matter.
- The provider of emergency medical assistance and support through First Responders.
- Security when boating, fishing, or touring the desert, provided by Rescue One.
- Social life, a neighborhood bar, a place to gather for great meals, entertainment, and fun.
- Exercise classes, dancing, indoor games, and outdoor activities like bocce, putt-putt, and pickleball.
- Help and guidance when we lose a loved one.
- A way to support employees, friends, and neighbors in need; schools, service organizations, food banks, relief programs, and more through charitable giving.
- A hub, a network, a family that makes life richer, more secure, more economically and strategically viable...

Need we go on?

Club Deportivo was created, it's building constructed, and its practices established by people like us 40-some years ago. They saw the need. And many more have sustained it over the years. It is up to us to determine what should happen next.

Thanks to all who responded to the survey about the possible land purchase, and special thanks to the Board of Directors for working so hard on this complex issue. They will keep you informed, and your input is always welcome.

This month I would like to talk about proper VHF radio procedures. For lack of a technical term, I'm going to call this "calling in the blind." This past couple of months I have noticed that several boaters call in to Rescue One or Rafael and begin talking without ensuring contact has been made. In other words, they call Rescue One or Rafael and give information without knowing for sure that they are indeed in contact with them.

The proper procedure is to establish contact with the station you are calling **before** you give or ask for information, i.e., "Rescue One, Rescue One, Rescue One." then state your station call name. i.e., boat name or VHF call name. After the person you are calling answers, then give your information.

Also, Channel 24 is a **calling** and **emergency** channel **only**. This channel is to be used for calling, checking in and out for the boats or land vehicles, and announcements only. If you have other business, please call the station to establish contact, then switch to a working channel.

You all be safe out there. This too shall pass. By this fall, this will all be a campfire conversation.

THE BRIGHT SIDE OF WHAT'S GOING ON IN THE WORLD

Little did we know what was going to happen when planning for the Vision 20/20 Benefit Dinner event to be held on March 14!

What a huge success and all time high, with a total of 213,167 pesos raised. Twenty percent of the proceeds, or a total of 42,633 pesos, goes to club Deportivo.

What a great team that Sandie Burnam, Chair of the Fund Raising Committee, pulled together to make all this happen.

I personally want to thank everyone who helped with Vision 20/20, including all of Club Deportivo members who participated in making this a success.

Recognition also goes to Ralph and Pat for their part in pulling a team together for a very special dinner. Thanks!

It shows what a great club this is and how important it is to the people who come to Kino from other places, and to the local Kino community. What a good feeling to be part of Club Deportivo!

We all hold strong together and get thru these times in our lives; and we'll all be back together and carry on our life's journey in Kino. May we all reach out to help others, and...

NEVER LET THEM GET YOU DOWN!

MAINTENANCE

Well finally, after over two years, the new toilets have been purchased and installed. They are water saver style and hopefully will save on our water charges. The short wall in the pool room was removed on Friday, March 27!

John Nicola, Maintenance & Construction

A Message from the **MEMBERSHIP COMMITTEE**

This is a friendly reminder that **dues are due on January 1.**

If dues are paid before that date, they will be \$105, and will include all months through the end of 2021.

Dues paid After 1/1/21 will be \$110.

The month of January is a grace period, and after 2/1/21 there will be a \$10 late fee.

On the 1st of December, you will receive a reminder from the Committee that dues are due, outlining the above payment policy, along with an invoice and instructions on how to pay if not currently in town. We will clearly explain that all members **must** be "in good standing" in order to use the Club in any manner, including sporting activities, meals, and bar. The presence of unpaid members jeopardizes our liquor license.

We will request that our Club managers be the gatekeepers to determine which members might be unpaid, as they know who the paid members are.

– **Jan Vala**, Membership Committee

Solitude is very different from a 'time-out' from our busy lives. Solitude is the very ground from which community grows. Whenever we pray alone, study, read, write, or simply spend quiet time away from the places where we interact with each other directly, we are potentially opened for a deeper intimacy with each other.

CHARITABLE GIVING COMMITTEE

Club Deportivo has a commitment to help the Kino community. This committee is responsible for making funding recommendations for two different types of charitable funds. These are the Board Allocated Funds and the Line Item Charity Account.

The Line Item Charity Account is primarily funded by special events and private donations. The Benefit Dinner held on March 14, 2020 raised 213,167 pesos. Thank you to everyone involved in that tremendous achievement. This money will be disbursed to 21 different programs and schools in the Kino community, including all of the various schools from kindergarten to high school, as well as Kino programs like Cruz Roja, Familias Unidas, The Breakfast Programs, The Drug and Alcohol Program, Kino Bay Spay & Neuter, MACA, Genia's For a Better Tomorrow, Museo Comca'ac, The Rehabilitation Unit, CONAFE, Pastoral Social, and the Eldon Heaston Library.

The Club will receive 20 percent of the raised funds.

The other available fund is Board allocated funds which include approximately 10 % of membership dues. (This is one, of many, reasons to be a member!) Those asking for help complete assistance requests at the Club, and these are then reviewed by our committee. Support has been given for a variety of needs, including medical treatment and testing, medication, funeral costs, and some support for cultural and sporting events. Alternative funding is always considered before giving funding, and priority is given to emergency and medical issues, especially for children and the elderly.

A portion of your membership dues are at work trying to help those in need throughout our community.

Please show your support by being a member.

Charitable Giving Committee

Our Club Kitchen...

by Rick Hussey, Meals Director

How quickly things change to slow COVID-19!!

In mid-March, following the Benefit Dinner, we shut down club activities and abruptly shifted from a busy club kitchen to lock-down. This season we were able to share 21 great meals. Sadly, we are leaving up to eight meal plans 'off the table' which we were really looking forward to. We truly hope and pray that our swift and strong measures have helped protect our membership and staff from this nasty bug.

Thank-you to our March organizers and sponsors for their delicious meal... Eggs Benedict Breakfast organized by **Anne and Daryl DeFrance** and sponsored by Norma and Tom Veazey and Diane and Les Kuete. Thank you also to the volunteers who produced a very successful 'Vision 2020' benefit dinner which turned out to be our season grand finale.

And big thank you also to our remaining meal volunteers (organizers and sponsors) including... Dos Palmas, Bonnie and Randy Hattenburg, Club staff, Carolyn Kinsman, Perry Wilkes, Judy Hussey, Jennifer and Bruce Brown, Luisa Thompson and Kent Ogden, Carol Wikel, Judy and Bill Kidd, Diane and Les Kuete, Laurel Hakim, Karen and Dick Anderson, Mugs and Craig Vernon, Darlene and Jim Lyons, Ronna and Paul Mann, Bev and Ray Kolosseus, Craig Gresham, Sally and Jean-Maurice LaCroux, Francine and Jim Bailey, Darolyn and Erwin Perry, Nancy Lewis and George Hussey. Your contributions are critical to help make our meals successfully happen and I hope you will consider supporting a meal or two (or three?) next season.

Speaking of next season.... We fully expect to put this pandemic in the rear-view soon and have a full slate of delicious meals at our Club for the 2020-21 season. Our kitchen recruiter, **Judy Hazen**, is busy signing up meal organizers and sponsors but the

Club closure, and her early return to the USA is severely impacting her ability to reach out to you all regarding future meals. We are counting on your help and participation for our next year and are always looking for new and tasty meal ideas. *Please, please* — contact Judy to sign up or discuss volunteer opportunities. We are truly appreciative of everyone helping our meals.

Judy Hazen can be contacted by email: johnjudyhaz@gmail.com. Please feel free to drop her a note, maybe right now.

Our Club Deportivo meals program needs you!!!

Our meals are both great dining events to enjoy with fellow members and a major fund-raising activity supporting the ongoing operations of Club Deportivo. Member dues only cover a little over half of our annual operating costs. The remainder comes from various fund-raising activities, including the kitchen, which accounts for roughly 20% of the club budget. We can only be successful with continued support of organizers, sponsors, and member participation.

Stay Healthy and come enjoy our Club soon!

— Rick

From a concerned member...

The dinner on February 29 was amazing... Sheila and Tavi and their crew provided a great dinner. However, it was sad to see that so many CLUB members did not attend.... WHY? You all know that Club Deportivo is the HUB for us Kinoites. With the competent staff of just three and a great Board...providing all kinds of sporting and social activities for all members, guests and potential new members, and support as needed when you enter the office .

A reminder... every other Saturday night a great dinner is served by volunteer members, and on the alternating Sunday, a breakfast... Plan to support... We sure need to keep our Club going.

Outdoor Activities

As your new Outdoor Activities Director, I was saddened when we needed to close down the games. So, I thought this might be a good time to step back and take a look at the "BIG PICTURE."

I remember when I was a little kid growing up in rural Iowa. I would be headed out the door and my mom would yell, "Kent, where are you going?"

I'd reply, "Going to play outdoors."

My grandpa's favorite thing was playing games with his grandchildren, to the point where my Grandma nicknamed him "KID." It stuck, until he passed at 96 years young.

If you want to feel younger, maybe you should strive to keep a little bit more of that "KID" inside you.

Sound like a good goal? Then join me next fall, and let's "GO PLAY OUTDOORS."

—Kent Ogden, *Outdoor Activities Director*

Indoor Activities

Well, this is quite a fix we are in at Club Deportivo. I'm ready, willing and *unable* to get on with some entertainment; and by the time we gather again, Kino will be empty! The good news is that now I have time to think up some new fun and interesting Friday night social hours.

I would like to thank all you great folks who said "YES" when asked to participate in the programs for both Western Night and the Luau Dinner. I'll let you know when we pick it up again next season.

Please let me know if you have any ideas for activities you think would be fun. Of course, I'll ask for your help in setting them up!

I hope everyone stays well and has a fun month, no matter where you are.

—Anne Stern, *Indoor Activities Director*

Hello from the BAR GUY, sorry we couldn't have a bar party to end the season. I guess that will have to hold for November. I'll look forward to getting back to normal and having a fun season. Maybe I'll even get to lower the drink prices. Naaaa, that will never happen. But I'll bet you have to agree, you get some of the best drinks you can get anywhere, especially when I fix them.

I hope the summer is good to you and you stay HEALTHY. I want to see all of you back with a big smile and a dry throat.

Also, I was very lucky to have a bunch of back-ups — Craig, Gayle, Harold, Jim, Jean, to mention a few. I couldn't have survived without them. When you see them, tell them "THANKS FOR YOUR SERVICE."

The bar was closed suddenly, like the rest of the Club, and we have an overstocked bar. Betty is trying to find a way to sell it to folks and not violate our permit, since we are not to operate as a package liquor store. If anyone can give us some help on that I would appreciate it. If not, I guess we will drink booze that has been aged a little extra. If I get any complaints, I'll just have to make you a double. Now I know I will get a lot of lip service.

I look forward to seeing you all next year. Have a great summer, and see you in November. Come in thirsty; remember we have to buy our property so we can keep this group having a fun winter place to play.

Your friendly Bar Manager,

Paul Stanley

02/29/20 Happy Leap Year! A calm day with at least 14 boats out. JAY HAWKER fished Turner for bottom fish but no Yellowtail seen. RENEGADE and HANNAH RYAN also fished turner and caught bottom fish with no YT seen. SEA DANCER went to San Esteban and caught limits of Goldies and some Yellowtail.

03/01 SAND DOLLAR went straight to the NW corner of San Esteban experiencing some annoying swells on the way. Fortunately the waves calmed down and persistent trolling in a pattern of parallel runs resulted in Yellowtail on X-Rap 30s. These fish seemed to stay in the same area instead of moving around and the result was 12 fish hooked and four lost, with double and even a triple hook-up. Bottom fishing with jigs and/or bait produced some really nice Goldies and a Popeye Calufa (AKA Bigeye Soldierfish) over high spots and one YT while fast retrieving a jig in about 200 feet of 62 degree water. PERRYDIZE and RENEGADE fished the NE corner and Lighthouse area, catching only a single YT before SAND DOLLAR called them over to the spot he had found. Their move produced YT for them and bottom fish.

03/04 GATOR BAIT went to Turner and fished in 57.5 degree water, catching only some bottom fish on a slow day for all. JAYHAWKER fished over on the west side of

Turner over to Deep Reef and caught some very nice Rockies and limits of Goldies to 6 pounds.

03/06 GATOR BAIT and SAND DOLLAR went to the north side of San Esteban trolling as before but the birds were gone and so were the YT. SAND DOLLAR caught one sardinera trolling on the way to the NW corner and then one YT and lost more at the boat and to local lobos. GATOR BAIT did not catch any YT, and bottom fishing was slow, so they moved over to west of the gravel bar on the SW corner of Esteban in 350-400+ feet of water. The fish were biting there, so they returned the favor from the 03/01, calling SAND DOLLAR over but the depths and currents were intimidating. GATOR BAIT ended up with nice Goldies, four grouper, and six large Sheephead. SAND DOLLAR fished a few spots in slightly shallower water catching salmon, Goldies, and later a 14 pound "Fortune Jack" while fast retrieving at the SE corner of Esteban. EL SUENO had similar experience on the north side of Esteban and moved to Tiburon near " Battleship" to bottom fish and caught Goldies and a nice Sheephead. Goldies of over six pounds below and the colorful "Popeye Calufa."

ICHTHYOLOGY CLASS 102

The "Fortune Jack" is a close relative of the Yellow Tail and Amber Jack, but is built more like a stout YT with an overall rosy sheen and reddish brown fins. It is not commonly caught around here, and I had never caught one north of the south side of San Pedro Martir before. It was the largest one I have

Continued on page 7

Fish Tales

Continued from page 6

landed but Lynne caught a 28 pounder at Pedro Martir (also jigging) years ago. Fishermen in San Carlos call it a "Fortune Jack" and catch them down there. Distributed from Peru north into the Sea of Cortez, it is also called a "Peruan Jack", or "Madregal Fortuna" in parts of Mexico. They are caught at depths of 300 feet and the "World Record" was listed at just over 15 pounds, but there is a record of a 21+ pounder and Lynne's of 28. They are considered to be excellent food fish (grilled, sautéed or as sashimi) and have a reputation as being harder fighters than YT, (and true). Here are two photos of them, see if you can pick out

the "odd" one in the middle of the YT. The third fish from the left is a smaller specimen.

03/09 JAYHAWKER went to Isla Turner and trolled for 5 Yellowtail (two near 18 pounds) and bottom fish. SAND DOLLAR went to Willard and caught limits of nice Goldies but found no sign of Yellowtail.

03/15 PERRYDIZE fished around Turner on a very slow day for bottom fish catches only.

03/16 EL SUENO went to Turner but the Yellowtail were AWOL. He did catch one nice Sardinera/brownie and Goldies, Salmon and one "Mitan".

03/20 GATOR BAIT, SAND DOLLAR, and EL SUENO headed out to the Turner area but returned before noon as the winds came up. SAND DOLLAR landed three Yellowtail, lost three more at the boat, but caught few bottom fish. EL SUENO caught one Yellowtail near Turner and a variety of bottom fish at Colorado Risco.

03/23 SAND DOLLAR fished Turner for bottom fish but no YT. They also fished in 375 to 400 feet of water south of Turner for big Goldies, a small shark and grouper. GATOR BAIT was in the same area, Turner, but only caught Goldies bottom fishing. No luck trolling for YT. Slow day. NIGHTWINGS tried Christmas Tree from the beach but only saw a couple of cabrilla/Rockies, a needle fish and had one "follow in" by a halibut.

Lots of weeds, but water is clearing, the views

were gorgeous and some interesting scenery as the plant life was leafing out and many were blooming. Had a good revisit to the interior of the Santa Rosa estuary with lots of memories of past camping trips and dogs.
