Caring During COVID

Due to the COVID-19 worldwide pandemic and because we care about our expat residents and our Club members currently in Kino, this past summer we implemented a Community Health & Welfare Project.

With this project, we ensure that all emergencies are tended to promptly. Through the use of Rescue One and our team of First Responders, staff of Club Deportivo and volunteers from the community are monitoring the radio 24/7 even through the night and are ready to assist you if an emergency should arise.

Through Rescue One and the Health & Welfare Project, you can report emergencies and request police and medical presence or emergency transport at any time of the day or night. You can also be a part of our Safe Travel program. By participating in this program, you let us know when you are traveling and when we can expect you to return. You also give us emergency contacts in case your travels don't go as planned.

If you would like more information or would like to be a volunteer for these programs, contact our manager at clubdeportivomanager@outlook.com

—Betty Martinez, Manager, Club de Deportistas Bahia Kino, A.C.

- ✓ **If you have an emergency, you should always call 911.**
- ✓ **If you cannot get through or you have a language barrier, call Rescue One on the radio.**

When Rescue One receives a call for distress, we will then call 911 and arrange for Police, Ambulance or First Responder to assist you. Thanks to our dedicated staff and volunteers, Rescue One is on the air 24 hours a day, seven days a week; we are always listening!

- ✓ **Make sure you also have a backup plan.** Talk to your neighbors and friends and **make sure you have an emergency contact.** Someone you can call upon if you are unable to reach 911 or cannot use your radio.

Below is a list of numbers you can call directly to report an emergency or emergency transport to the Clinic:

Rick Fisher, First Responders' Chief:

+1(928) 550-8600

Craig Gresham, Club 2nd Vice-President:

From Your President...

Hello to all:

By now we are saying goodbye to November. We hope you all had a fantastic Thanksgiving. It has been another tough month with the Covid spiking again.

I'm glad to hear more Club Members are arriving in Kino every week. It's great that there are some limited Club activities starting to become available. This has been made possible by our staff following the recommended safety guidelines and safeguards, including, social distancing, face masks, and hand sanitation. Also we are using the services of an EMT for extra precautions.

It's getting close to annual dues time. We know that many members will not make it to Kino this season. However, our Club's existence relies on membership dues. Hopefully everyone can stay current with their membership dues.

Although our next board meeting is December 5, 2020, it is closed to members for safety reasons. However, any questions, concerns, or suggestions, are always appreciated. These can be submitted to Betty, or the Club website. Additionally, there is a suggestion box available at the Club.

I want to thank everyone for their help in my absence. Especially Francine!

Everyone stay safe and healthy!

First Responders, and more...

Rick fisher, Dr Dale Kemmerer, Jennell Stephenson, Butch Geier, Margaret Roebuck, Jim Wilson, Dr Bill Holloman. These are your Rescue One first responders. They are all medical professionals—either Doctors, Registered Nurses, or EMT's. All these people together have many years of education and training in the medical field. Anytime you have a medical emergency, or just a medical question, please feel free to contact any of these people. The next time you see them, please give them a big "THANK YOU".

A couple of months ago we had a near catastrophic event. A boat sank with four people on board. Thankfully they were rescued by a Mexican panga that was close by. There are a couple of things I would like to address here. The first is that every time we boaters go out, something like this could happen. So, **the number one piece of safety equipment on your boat is the VHF Radio.** If you are having trouble contacting Rescue One to check out, it may be wise to get your radio in good operating condition before you leave the beach! The other issue is **when you have a life threatening problem call MAYDAY, MAYDAY, MAYDAY, IMMEDIATELY!!** On the VHF. If you don't get an immediate response from Rescue One on channel 24, go to channel 16. Channel 16 is the international emergency and hailing channel which every one should be monitoring.

We all think that things like this happen to someone else, but believe it can happen to you in an instant.

Remember, if it is going to happen it will happen out there!

You all be safe.

Hola Club Deportivo Members

Thanksgiving has passed, and we can reflect with positive thoughts on how thankful we are in many ways. Thoughts lead to ideas which can help this Club move forward — reaching out to help others and others reaching out to help us.

We're grateful for the formation of Kino Limpio y Seguro (Kino Clean and Safe), with 150+ Mexican and some American and Canadian members who have strong ties to Kino. Their mission is to clean up and improve Kino and protect the community, the environment, and the surrounding area for everyone to be proud of and enjoy.

The future of the Club is positive if we all come together to help each other.

Wishing all a Merry Christmas and a Happy New Year (COVID FREE).

Sincerely,

—**Craig Gresham**, 2nd VP

Our Club Kitchen... *by Rick Hussey, Meals Director*

Happy Holidays from Kino's loneliest kitchen. I hope you all had an amazing Thanksgiving and a great holiday season. Our fall weather in Kino has been glorious enabling us to comfortably continue outdoor fun and all that Kino has to offer.

We are continuing to investigate options for some Club meals this year while trying to keep everyone clear of this virus. In early November, while Hermosillo was still 'yellow,' Rusty and Kim Aiken sponsored and organized a very successful pizza party in support of our Club. We thank them for their generous support and for helping to keep things rolling for all of us.

Our next event will be our...

Club Deportivo Christmas Dinner,

take-out style!!! Hermosillo is now 'orange,' so our options for indoor kitchen work or meals at the Club are not very promising. With that in mind, several of our favorite Kino Cooks have gotten together to plan a Club Christmas dinner, to be

prepared in our home kitchens and made available for take-out pickup. Details for the event are coming together quickly, so keep watch for notices and flyers. Within our legal and logical operating constraints, we hope it will be the next best thing to our normal holiday bash. We will need sponsors to help make this meal a reality, and Judy Hazen has

gotten started with those who had already volunteered last spring; but as always, she would love to hear from anybody with meal ideas or who is willing to help with sponsoring.

Speaking of sponsors (or perhaps 'to our sponsors').... As you all know, our Club meals program normally provides an opportunity for members to gather and share some great meals. But also, the Club counts on our meals to help fund the annual operating budget. With the realities of this virus going viral in most parts of the world this fall, it appears this season will be very challenging as we try to keep our Club alive and well for our return, when we can. We always truly appreciate the generosity of our sponsors whose funds allow us to purchase materials to prepare our Club meals. This year our Club meals will be limited and different from our normal calendar. Not knowing what the future may bring, **I am asking that our members who are interested in helping sponsor or those who regularly sponsor meals**, perhaps consider making your contribution this year for 'a future meal' this season. As meals can safely be organized, we will apply the sponsor contributions and recognize your support. If meals cannot resume, these funds will go towards the Club budget and we will recognize your support appropriately.

We are truly appreciative of everyone helping with our meals and look forward to the days when we can all freely gather and break bread together again.

Stay Healthy and come enjoy our Club soon!

—Rick

Hi everyone!

Once again the winter season and holidays have taken the toll. The Bar is operating at a level never seen in 10 years. But even at that, it does seem to be providing some good times, a social meeting spot for Fridays, a check on who is in town, and even get a little gossip.

Jean and Mike are very helpful and have filled in while I, the Bad Bar Guy, have had some problems on the Home Front. I plan to return once again in the next couple weeks, but I'm not sure how I could improve things over the great job Betty and Jean are doing.

Betty has informed me that the prices of our liquor have once again increased, which means I was about to write another chart to post a increase in drink prices to cover it. Well, Betty has come up with the idea that when she goes to town, which is often, she will shop at Costco, which allows us to buy 12 bottles of liquor at a time. This sounds reasonable, so we will give it a try. But no promises. If she runs into problems. I have told her to please let me know.

See you soon I hope; just had a little personal business. Okay, I may owe you a drink for all this time I've been missing. THE BIG BAD BAR GUY wishes you a MERRY CHRISTMAS, and I'll be there for the HOOPY NEW YEAR.

Well, here I go with the first Maintenance & Construction news article of the season.

At the end of last season five (5) new toilets were installed, two 17-inch highboys and three 15-inch regular size.

Betty and the staff had a banner summer season, completing over 152 summer projects inside and outside, too numerous to list. KUDOS to them!

Due to the deterioration and safety reasons, the fountain in the courtyard is being removed, and the planter will remain.

For you Pickle Ball players, I am aware of the concrete issue on the court. It has been requested we paint the court. It was discussed at the last board meeting, November 21, and we are in agreement to go forward with this project, which should solve the concrete issue.

In February 2021 my 6-year term will end. The position will be open, so for all you folks who want to assume my position, let your desires be known to any board member.

Kino Bay Neuter and Spay is still sterilizing dogs throughout the pandemic. We have noticed, however, they are not wearing masks or social distancing. This means more puppies will be born this year and next despite our best intentions. It's a growth industry!

Our organization continues sterilizing as many dogs as we can, every week. We have so far this year sterilized 180 dogs, and still counting!

If you are one of the ones who have contributed this year or in years past, we say THANK YOU, THANK YOU. We realize that people are our first concern in Kino, but if they don't have enough money to eat, they also cannot afford more pets in the household to feed. That's where we come in. More sterilizations equal fewer puppies born who may end up in the street: homeless, hungry and disease-ridden.

By the way, we still need old towels and blankets so that the dogs can go home comfy and warm when the surgery is over.

Priscilla Mendoza is a new and valuable member of the KBNSA team. Not only is she assisting Dr. Jose in surgeries, she interacts with the dog owners and checks up on them a few days later. What an asset. She and Casey are living in our downstairs apartment at 2625 Mar de Cortez. Stop by to meet them, and bring a towel or two!

Thanks a million!

—Bev & Ray Kolosseus, Bill & Nancy Berg, and Priscilla Mendoza & Casey O'Brien

Christmas Traditions In Mexico

1. Las Posadas

Posadas means “inn” in English, and the celebration begins on December 16th. Each night from the 16th until the 24th, children go from door to door singing and asking if there's an open room at the “inn.”

2. Nativity Scenes

The Christmas season is rooted in the Christian story of the birth of Baby Jesus. Therefore, Christmas nativity scenes are important. However, you won't find Baby Jesus inside of the manger until the 24th.

3. Piñatas

These are popular additions to nearly every Mexican festivity. At Christmastime, however, the piñatas have seven different spikes around them to represent the seven deadly sins.

4. Ponche and Rompope

Ponche is a warm Christmas punch made with fruit. And, Rompope is the equivalent of egg nog. You'll pretty much always find it spiced to perfection and full of really strong rum.

5. Dia de Los Reyes

Three Kings Day falls on January 6th. While Santa still visits children on Christmas Eve, it's common for the Three Kings to pay a visit the evening before Three Kings Day and leave some candy or small gifts.

6. Rosca de Reyes

On Three Kings Day, families gather to enjoy a Rosca de Reyes. The oval-shaped bread is covered in fruits and, hidden inside, you'll find a baby figurine. Whoever gets the small plastic baby in their slice has to throw a tamale party on February 2nd.

7. Candlemas

February 2nd marks the end of the Mexican Christmas season. The day itself is called La Candelaria, or Candlemas, and it's marked by lots of crazy parties and festivities to end the wonderful holiday season.

Note: Missing dates normally mean that the wind contributed to boats not going out to fish.

If you can send reports by the 23rd of the month, they have a better chance of being added in for the next report.

.....

Late October GATOR BAIT made four or five trips to Isla Turner for limits of Yellowtail and a few bonito. Gator's efforts that extended to San Esteban for limits of really big Yellowtail to 30+ pounds and limits of nice bonito. Things cooled down slightly for a few days, then picked up again in November as follows.

11/3 GATOR BAIT went back to Esteban for limits of nice Yellowtail. NIGHTWINGS, EL SUENO, and MANANA MAYBE all started at Turner and Deadman for mixed sizes of Yellowtail trolling X-Raps (Pink and Blue Mackerel working). MANANA MAYBE headed on to Esteban for Yellowtail and bonita while EL SUENO and NIGHTWINGS fished the Dead Man for a larger grade of Yellowtail than Turner was turning out.

11/4 GATOR BAIT returned to the north end of Esteban, trolling up limits again.

11/8 ESCAPE made it to San Esteban on a really rough day and was able to catch limits of Yellowtail, releasing the smaller fish. No bonito caught.

11/9 GATOR BAIT tried to get out but was turned back by choppy water conditions.

11/12 NIGHTWINGS fished the beach at Santa Rosa Estuary and caught really big corvina and a couple of other bottom fish. We also got a report of good catches of big corvina, Paloma Pompano and Sierra

there over the preceding week. No halibut seen or reported. Not sure of the date but ESCAPE fished Isla Pedro Matir for some decent grouper in deep water and reported seeing lots of Yellowtail on the surface.

11/13 GATOR BAIT fished San Esteban for limits of Yellowtail and bonito plus a few Sardinera (Brownies).

11/18 NIGHTWINGS fished Turner for one small Yellowtail on the pink X-Rap, then two big ones jigging at Dead Man along with big triggerfish and cabrilla. Jigging at Punto Colorado Risco brought more bottom fish and one White Sea Bass of 38 pounds. Also heard radio chatter of great catches of Yellowtail, bonito, and Sardinera from Esteban (unsubstantiated as of this writing) from MANANA MAYBE AND HILL BILLY YACHT.

11/23 SAND DOLLAR went to Isla Turner/Dead Man for limits of Yellowtail, then the same for bottom fish between Dead Man towards Deep Reef and Colorado Risco in 150 to 200' of water.
