## From Your President...

This is my first opportunity to thank the Club Membership for having the confidence to elect me as your President.

As most of you may know, I'll be hibernating at home in Sierra vista, AZ this Spring and Summer, dealing with some medical issues. However we plan to return to Kino in late October 2020. We have enjoyed visiting the Club's events on Facebook, thanks to Betty's live videos, (Talent Night and Friday Nights).

I have been advised that at the February Board Meeting, a new committee has been created to deal with the Club's budget shortfall. The committee, headed by Marianne Griffin, will hold its first meeting on March 4, 2020, at 10:00 am. Any members interested in being part of this committee can contact Marianne or Anne DeFrance.

Please don't forget the Charity Benefit Dinner on March 14, 2020. The live and silent auctions are always exciting. There also will be raffle drawings and a 50/50 jackpot. There is still time to donate. A great percentage of the proceeds go back to the Kino community. It's a good chance for a great meal and the chance to help those in need.

I look forward to working with all the Board members and chairpeople. Wishing you all fair weather and smooth seas!

## RESCUE ONE

## ALL ABOUT YOUR RADIO

**This month I would like to talk about VHF radios and their use.**

There are three very important controls on your VHF that need to be set properly for the unit to work. One important control is the squelch knob. This controls the sensitivity of the radio for "receive" only. Too low of a setting will result in not being able to hear a transmission, especially on channels other than 24. It is also a good way to set your volume. Turn the radio on and turn the squelch knob so you can hear static and adjust your volume to desired sound, then back off the squelch until static goes away. There is also a high/low switch. This changes the radio from 5 watts to 25 watts transmit power. This should be on high. The last important item is to hold the mike within one to two inches

*Continued on page 2*

## RESCUE ONE

*Continued from page 1*

from your mouth and speak clearly into it. There is no adjustment for volume output on a VHF. The only adjustment is how loud and how close the mike is to your mouth.

When calling on the VHF, the proper way is to hail the person you are calling three times followed by your call name: for example, "Rescue One, Rescue One, Rescue One, your call name". Be sure that rescue one has answered before giving your information.

Be careful out there!!!

I want to thank the members of Club Deportivo for my appointment to the board of directors as 2nd V.P. I have a deep interest in this position since I was on the Charitable Giving Committee and care about Club Deportivo.

Moving forward, I want to thank Shauna Smith, chairperson of the CHARITABLE GIVING COMMITTEE, for her guidance and willingness to continue in her position, and to committee members in making decisions on the applications for assistance to help with the needs of Kino.

I also want to thank Sandie Burnam for her willingness to head the FUND RAISING COMMITTEE for Club Deportivo. Her position is important to the development of creating funding for the needs of the Club and other worthwhile programs. **Please join her quest to make the VISION 20/20 CLUB DEPORTIVO ANNUAL BENEFIT DINNER-AUCTION-RAFFLE on March 14 a huge success.** Since a portion of the proceeds from the event go to Club Deportivo, all members benefit. Your support is appreciated to ensure we all can enjoy being members of Club Deportivo well into the future.

Finally, I want to thank members who have come forward to offer supplies and to express a willingness to help with programs that fall under the responsibility of the 2nd Vice President.

We all share a special feeling for Club Deportivo and Kino.

## Outdoor Activities

## Indoor Activities

Thank you for allowing me to be involved in the indoor activities for the next couple of years. It seems that we have been quite busy this month, and March looks like it will be the same.

We are going to have a new team game called **Alphabetics**. It is planned to two Tuesdays a month, alternating with **Trivea**, depending on Club availability. Start time will be 5:00 p.m., with the bar opening at 4:30. Any questions — just ask Rebecca. She will give you the scoop!

On March 20<sup>th</sup> we have a great **Western Night** planned by Carolyn Martine that will be a tribute to Duke Aiken. I hope you all attend, it will be great show for a great man!

Remember **Gilligan's Island**? Well, the whole cast will be visiting Kino and entertaining you after the Luau Dinner. Buy your tickets early for a fun night!

Thanks for all your support at our Great Club Deportivo!!!

—**Anne Stern**, Indoor Activities Director

We have had several good events this month, and the net at the bar has been improving. I want to thank everyone for not complaining "out loud" about us not having some of your favorites in the line of beers, especially in dark beers. A lot of these only come in bottles, and the bottled beer is being phased down.

Also, our bartenders have been doing a good job, and thanks again to Gayle. I believe this month we had something like 30 scheduled events. Now a new game, "Alphabetics," has been started for every other Tuesday. Good luck on that. All of these events seem to keep everyone involved and active at the Club, and that's what makes this the greatest place to spend our time.

I'll do my best to keep the beer cold and the drinks made your way!

See you over the bar,

## COMODATO COMMITTEE UPDATE

## What's Happening with the Comodato and Plans for the Future of Club Deportivo?

*By Committee Chair Luís Rubén Montes de Oca*

**O**ur committee continues to explore ways to ensure a secure future for Club Deportivo. First of all, let me say that the Club is not in danger. We are still under a valid Comodato for number of years. The challenge we face relates to the properties adjacent to the clubhouse site.

As we have reported, the State of Sonora has financial needs, and they are looking at the potential sale of “unused or underused” properties as a means of generating revenue. And while we may not agree with them, they see our parking and storage lot areas as being “underused.” They have recently announced that they are offering such properties for sale — a second time. They were unsuccessful the first time, perhaps because they are not particularly attractive properties for developers. Kino has no water, and many of the areas are extreme desert, far from the beach and access to utilities. However, they will continue to offer; and if the price is right, there is a chance they will sell.

Looking ahead, we feel that the most advantageous thing the Club could do would be to itself purchase the land.

I personally met on Tuesday, February 25, with Carmen Carballo, Director of Bienes y Concesiones (real estate and concessions) for the State of Sonora, and discussed with her a possible purchase of the land we occupy — what would be an acceptable price, and over how long a period of time. She was very

cordial and promised to give me an answer. I hope to have that answer soon.

In the meantime, the committee continues to explore other options, should purchase not be feasible. We well understand that the Club is experiencing a decrease in membership and that we do not have a lot of money to put into the effort. There is always the possibility of applying for a renewal of the Comodato; and if that happens, it will be essential for the Club to make some visible investment in developing the areas that appear to be underused, such as the addition of other facilities, then find ways to diversify and increase membership and create more income-generating activities. The Club is important to the entire Bahía de Kino community, and there are many more Kino residents who could and would make use of the Club, with appropriate schedule and activity adjustments.

The Committee will meet at 10:00 a.m. on Sunday, March 1; and a report from that meeting will be presented at the Board of Directors' meeting on Friday, March 13. If you have ideas you might like to share, feel free to speak with any of our Committee members:

## Statement of purpose of the KINO LADIES KLUB

*To hold out our hands to welcome ALL women in the community. To provide a venue where women can get to know one another, become acquainted and develop friendships. Also to serve the community with our combined efforts and talents by working and socializing with one another. To be useful to the community by providing goods and services and to organize, facilitate and coordinate as deemed beneficial.*

### Please remember to mark your calendar for our next meeting on Tuesday, March 10th.

This will be our last luncheon for the season. You will receive an announcement via email from Social Secretary Judith Campbell as to location and menu. If you do not receive this please contact one of your board members listed here. We hope to see you there.

At the luncheon In February those attending voted for the location of our monthly luncheons. Results were to have next seasons luncheons at Club Deportivo. This venue will ensure that we have a dry and warm area in the event of inclement weather. Good parking as well. Also at the February meeting the membership confirmed the new slate of officers. Incidentally those board members are the same that served for the past two years. These ladies are volunteers and I thank them for continuing to serve us. Please let them know your appreciation by thanking them personally.

As I have previously stated, this has been a difficult year for the KLK board; but we have been working hard and will continue to make changes which will make your membership in the Kino Ladies Klub more enjoyable. Change is slow, but we are seeing progress.

If you would like to see what we are doing, please ask for a copy of the board minutes. Ask questions or make suggestions. We are always looking for ways to improve your experience, so we encourage your input and suggestions. If you have something you would like to suggest or comment on, please do so by contacting one of your board members.

I personally would like to thank each of you for your support and for continuing your membership.

# International Women's Day • March 8

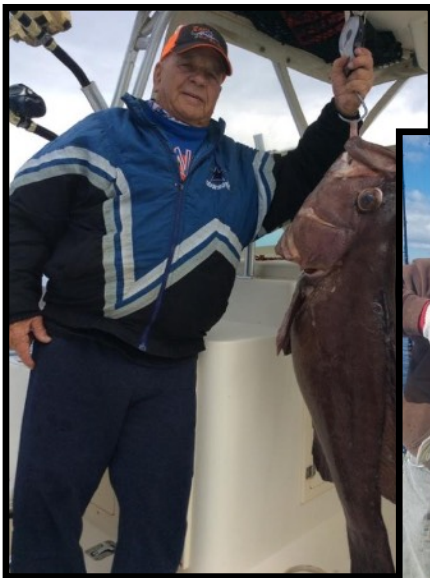

## Reporting Period: January 25-February 24, 2020

**Note:** Missing dates normally mean that the wind contributed to boats not going out to fish. High winds continued until last week, when temperatures crept up to near 80 and winds were calm to lightly breezy (not counting afternoon chop). Looks windy this week until around Saturday, but you never know. The Yellowtail are back!

My email if you can send me any fishing news or pictures: [lyncurt0@gmail.com](mailto:lyncurt0@gmail.com) If you can send reports by the 24th of the month, they have a better chance of being added in for the next report. **Please** feel free to

send **photos** of large, interesting or different catches!

**01/25/20** HILLBILLY YACHT fished Isla Angel de la Guardia for goldies and five grouper including one 45 pounder Baqueta caught around 450 feet deep.

**01/25** ROSIE went to Punta Willard for goldies and one small "Rosy Grouper" or Baqueta Rosa.

**02/08** SAND DOLLAR trolled the Turner area with no luck with Yellowtail, but reported seeing fish "hanging" at depths below trolling range, possibly YT. Water temperature was 61 degrees. They then tried bottom fishing from Colorado Risco to Eagles Nest for a few Rockies and lots of nice Goldies in water from 140 to 180 feet.

**02/12** JAYHAWKER did not have any success with trolling near Turner but did catch limits of Goldies, plus some Rockies and "Salmon". In fact they got some of the largest Goldies they have caught in a while, with one coming in at 6.3 pounds. They were hitting jigs, with or without bait.

**02/16** SUN CHASER fished around Isla Turner but had no luck trolling.

**02/17** SAND DOLLAR caught three decent Yellowtail near the light house Turner, trolling across the reef, then caught bottom fish in 61 degree water.

**02/21** EL SUENO caught limits of Yellowtail near Dead Man and nice Goldies and Rockies near Colorado Risco in 150 feet of water. John Hazen was really lucky and caught a delicious 17+ pound Pinto Bass ("Pinta") on a Diamond Jig there. (Picture below) DAKOTA 2 boat went to Turner and caught near-

limits of nice Yellowtail between Dead Man and Deep Reef as well as south of Turner.

The NIGHTWINGS crew fished the Christmas Tree beach at high tide and only caught a few small Rockies/Sandies and one small Mangrove Pargo. No Halibut, but really nice weather.

**02/22/20** (Been waiting to write that date) DAKOTA 2 went back to Turner for limits of very nice Yellowtail. The YT were hitting all colors and most have been using X-Rap 30s and a few 40s.

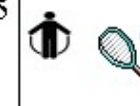

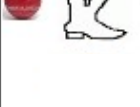

**Earlier in week** Report of a Mexican panga out south of Turner in deeper water getting a really big grouper, (a Baqueta Rosa). No picture, but worth mentioning.
