

FISHING REPORT DECEMBER 2023

Reporting Period: November 25, 2023 to December 25, 2023.

Note: Missing dates normally mean that the wind contributed to boats not going out to fish.

I have a NEW email, if you can send me any fishing news or pictures: lyncurt0@gmail.com

NOTE: This will be brief and general since NIGHTWINGS has been out of commission and few reports have been made due to windy weather. In general trolling for Yellowtail and Bonito has been really successful most days in the Turner area. I have been "up north" for a couple of weeks also.

11/26/2023 MONTANA KIDDS fished in the bay from Cerro Prieto towards the ramp for lots of Rockies, triggers and one halibut. They also reported seeing a diver spear a nice Halibut near the old "south ramp". A Mexican charter fished Dead Man, trolling for limits of nice Yellowtail and some Bonito. NIGHTWINGS managed to land three Cortez Halibut to 3 kilos,

11/27/2023 EL SUENO trolled for limits of big Yellowtail and some Bonito. SAND DOLLAR tried Dead Man, but not much there, but found limits of Yellowtail and Bonito at Turner. All on the troll.

11/29/2023 HILL BILLY YACHT caught limits of Yellowtail and Bonito in the Turner area.

12/01/2023 KNIGHT FISHER and other Mexican boats were at Turner catching limits of Yellowtail. NIGHTWINGS fished from the beach at Red Rock for four decent Halibut to over 3 kilos. So far the halibut have been biting better than last year but require a lot of effort casting.

12/06/2023 EL SUENO CAUGHT caught limits of Yellowtail Bonito near Turner.

12/12/2023 EL SUENO and SAND DOLLAR got limits of Yellowtail and Bonito at Turner.

12/13/2023 EL PATO was back at Turner for limits of ..., you guessed it, Yellowtail and nice Bonito.

12/20/2023 EL PATO had great Yellowtail fishing at Turner. "I can't remember a year here in Kino that has been this good for this long".
