### A FEW WORD FROM RON

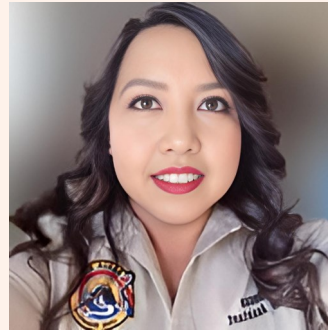

Here it is February already. Only seven more months until some of us start planning our return to Kino!!

But before that happens, this month is the Club Deportivo general board meeting. This will take place on Saturday the 17th of February. I urge all members of Club Deportivo to attend this board meeting. It is a good time to see and meet all your board members. The ones that are on the board now and the new ones that will be elected to the board.

Remember, Club Deportivo is your Club. Without you, the members nothing will happen.

I look forward to seeing you all on February 17th!!

### and Rebeca

Time never stops, especially when you are having fun, suddenly we are facing a new month full of fun activities.

Club Deportivo's annual membership meeting and election of officers will be held on Saturday, February 17, 2024, at 9:00 a.m. to vote, you must have paid your dues! Pay up and make your voice heard! We need your input to make the things happen.

In the past weeks I had been asking a few questions about the club policies, due to the huge variety of areas and activities that club has to offer it is hard for me to memorize all the rules, so here again some of our most important policies. Thank you so much for your interest and respect for these policies.

A full copy of these policies is available at the club office.

Respectfully

Rebeca Mendoza, Club Manager

# Mexican constitution Day

February 5th is the official date when the Mexican constitution was formed in 1917 after signing of a convention by Venustiano Carranza. Up until 2006, the day was celebrated in Mexico on 5th February itself. However, following the new labor law, the day is now celebrated on the first Monday of February, irrespective of the date. The day is celebrated to commemorate the formation of a new Mexican constitution.

The constitution of Mexico has undergone several changes. It was in 1910 that the people of Mexico began getting restless with the old constitution of Mexico which was established in 1857. This led to the Mexican revolution in 1910, resulting in the ouster of General Diaz, who was known to be an oppressive ruler. What followed was a series of fights among the Mexican rulers themselves, resulting in assassination of quite a few political leaders.

It was in 1913 that Pancho Villa formed a huge army which fought inside forces on the side of those in favor of a new constitution, namely Venustiano Carranza. After a long struggle, Pancho Villa was successful in ousting the rebellion forces and Venustiano Carranza was sworn to presidency. It was in 1917 that Carranza signed an important convention which resulted in the formation of the new constitution. The new Mexican constitution laid emphasis on land reforms and fair land distribution among the poor. The constitution is in effect till date.

The day is one of the major public holidays in Mexico. All the offices, schools and most businesses are closed on this day. The day is celebrated with grand parades across the nation, much like the celebration of Constitution Day in other parts of the world.

A lot of music concerts and other festivities are also arranged on this day, and people can be seen enjoying the day with great pride and honor. Sale of liquor is banned 3 days prior to the day up until the day itself. Exchanging of gifts and pleasantries is also not uncommon on this day, as this is one of the most important festivals in the country

# FISHING REPORT

**Send Fishing News & Pictures to**

**lyncurt0@gmail.com**

Reporting Period: December 25, 2023 to January 25, 2024.

Note: Missing dates normally mean that the wind contributed to boats not going out to fish.

NOTE: This will be brief and general since NIGHTWINGS has been out of commission and few reports have been made due to windy weather. In general trolling for Yellowtail and Bonito has been really successful most days in the Turner area. I have been "up north" for about six weeks also, hoping to return soon.

01/24 EL SUENO sent a couple of reports early this month. They were trolling in the Turner area catching Yellowtail to 18 pounds and bottom fishing produced Goldies and Rockies. Nothing else has been reported to me as of 01/21/24 but will add if I hear back any replies to my last call. Temperatures have been a little cool and maybe you are getting some much-needed precipitation earlier this week. TZIGANE sent a second hand report that a few Yellowtail are still being caught but deep fishing for Goldies is the best bet. Weather is great!
